Personal Info | Physicians | Edit

First Initial: R | Middle Initial: |
 Last Initial: B | Suffix: |
 Gender: Female | Birthdate: 1/14/1958 |
 Age: 59 | Institution: University of Pennsylvania (UPenn) |
 Owner: Rebecca Cimildoro | Subject Id: 04190 |
 Race: White | Ethnicity: Not Hispanic or Latino

Trial: MO-I-SPY 2 TRIAL

Tasks	Screening	Treatment	Follow Up	Current Status	Overall Status	Next Due on
CRF Type				Approval Not Required	Created 05/10/2011	Completed for each patient considered for I-SPY 2.
PreEligibility Checklists	Submit New			Approval Not Required	-- View Past --	Completed within 3 days of patient signing screening consent form
Patient Registration Form				Accepted	Created 05/05/2011	Completed within 3 days of patient signing screening consent form
Menopausal Status Form				Approval Not Required	-- View Past --	Completed within 1 day of collection of core biopsy sample for I-SPY 2.
Tissue Specimen Form	Submit New			Approval Not Required	-- View Past --	Completed within 1 day of collection of blood sample for I-SPY 2
Blood Specimen Form	Submit New			Approval Not Required	Created 05/17/2011	Agendia will complete within 1 day of availability of results
MammaPrint Form				Approval Not Required	-- View Past --	Completed within 3 days of study MRI scan
MRI Volume Form	Submit New			Accepted	Created 05/10/2011	Completed within 1 week of clinic appointment
Response Evaluation Form	Submit New			Accepted	Created 05/05/2011	Completed within 2 days after test results
On Study Eligibility Form				Accepted	Created 05/05/2011	Completed within 2 days after test results
On-Study Pathology Form				Approval Not Required	Created 05/25/2011	Completed within 2 weeks of a protocol violation
Protocol Violation Form	Submit New			Approval Not Required	Created 05/25/2011	Completed within 1 week of patient's decision to join Treatment Phase
Randomization Form	Delete					

Conducted at the University of California San Francisco, I-SPY is a new approach to clinical trials for breast cancer.

The project used Salesforce as a platform to capture processes from onboarding patients to the execution of clinical trials.
